

Prop V Engine Assembly & Operation Instructions

NOTE: FULL INSTRUCTIONS AVAILABLE MID-FEBRUARY

Please read all the way through the assembly instructions to familiarise yourself with the process before you start and pay close attention to the alignment of all the parts in the diagrams.

Assembly time should be approximately 35-40 minutes.

Please take great care when opening the bag of small parts! It is recommended to remove the packing tray from the box and open the bag over the box to catch dropped parts.

The engine parts list starts on the next page.

Maintenance and operation instructions can be found at the end of this document.

SAFETY NOTICE:

- **All parts of the engine will be very hot while in operation and will take time to cool down after running.**
- **The flame produced by a steel wick can be almost invisible, ensure burner is extinguished after use.**
- **Make sure you have a suitable fire extinguisher to hand in case of emergencies.**
- **Never leave a running engine or naked flame unattended.**
- **Make sure children are fully supervised.**
